

## **Arden AI Art Competition “Envisioning Future Tech in Your Own Industry”**

### **Objective**

Use AI to create an image with the theme of ‘Envisioning Future Technology in Your Own Industry’. This means in relation to the Programme that you are studying. You may use any AI platform, for example: [starryai - AI Art Generator App - AI Art Maker](#); [Text to image AI Art Generator - NightCafe Creator](#); <https://www.craiyon.com/>, ect.

Your AI generated image must not contain anything defamatory, obscene, or offensive; and must not contain anything of a distressing or age-sensitive nature.

You must not put anything (including words and images) into the AI generator that belongs to or is owned by Arden University (including Arden University’s name and logo) or someone else.
