

# Executive MBA Programme Handbook

Published July 2024 Version 5

## Introduction to the Programme

Welcome to the Executive MBA programme. This handbook provides you with information about the structure of your programme.

Our full Executive MBA programme consists of seven core modules listed in the table below. An outline of the content of each of the modules and the assessment methods used can be found in the Module Descriptor section of iLearn.

### **Executive MBA Modules**

| Module<br>Code | Module  | Module Type<br>(Core/Option) |    | Level |
|----------------|---|------------------------------|----|-------|
| BUS7014        | Competitive Strategy                              | Core                         | 20 | 7     |
| BUS7020        | Leading Global Teams and Organisations            | Core                         | 20 | 7     |
| BUS7015        | Financial Management                              | Core                         | 20 | 7     |
| MKT7009        | Contemporary Marketing Communications<br>Planning | Core                         | 20 | 7     |
| BUS7025        | Managing Digital Transformation and<br>Innovation | Core                         | 20 | 7     |
| PRM7007        | Project Analytics                                 | Core                         | 20 | 7     |
| RES7005        | Business Transformation Project                   | Core                         | 60 | 7     |

#### **MBA Top-Up Modules**

| Module<br>Code | Module                          | Module Type<br>(Core/Option) | Credits | Level |
|----------------|---------------------------------|------------------------------|---------|-------|
| RES7005        | Business Transformation Project | Core                         | 60      | 7     |

Please note that modules may not be delivered in this order; please refer to your course timetable.

## Pace of Study

## Student Loans Company Funded Students

If you have been granted a postgraduate loan from the Student Loans Company, you must progress at an appropriate pace to complete it within <u>two years</u>. Arden University is required to make annual reports to the Student Loans Company regarding your progress. If you fall behind, or if you decide you would prefer to study at a slower pace, you may transfer to the Flexible Distance Learning route (see below). However, if you transfer to the more flexible route, you will not be eligible for any continued loan payments from the Student Loans Company.

## Flexible Distance Learning Students

If you have chosen the flexible distance learning route and have not received a postgraduate loan from the Student Loans Company, you have the flexibility to plan your own pace of study. Postgraduate degrees usually take around two to three years to complete depending on how many modules you study each year. In order to achieve this, it is recommended that you aim to complete at least 60 credits each year, equivalent to three 20-credit modules. You will have a maximum of five years to complete the programme (from the date you first started).

## Full-Time Distance Learning Students

If you are a full-time distance learning student, you will study at a prescribed pace to ensure that

you complete it on time. You will study two modules per quarter and will be working on your dissertation at the same time, with the final quarter to complete the dissertation, allowing you to complete the whole degree in 12 months.

#### **Arden University Assessment Regulations**

Students will be assessed in accordance with the standard Arden University assessment regulations which can be found on the Arden University website <u>http://arden.ac.uk/</u>

#### **Chartered Management Institute**

This course is accredited by the Chartered Management Institute (CMI). The Institute aims to boost career development across the management sector and connect you with like-minded professionals across diverse sectors.

As the CMI possesses a Royal Charter, they are the only organisation in the UK that can award Chartered Manager status to their members – the gold standard in management. They are also active in business policy making across the globe and ensure that their more than 140,000 members are represented in policy decision making.

As an Arden student, you'll have free CMI Membership throughout your studies, giving you access to a range of additional resources including a mentoring service and invitations to networking events both online and offline.

Upon completion of your course, you will be eligible to gain a CMI qualification, which is offered at 3 different levels: an Award, Certificate or a Diploma. The final award you receive upon completion of your degree will depend on your level and length of study, whether you entered your course with Recognition for Prior Learning (RPL) or if you accept any compensation on your modules.

#### The Institute of Enterprise and Entrepreneurs (IOEE)

This course awards the IOEE Professional Diploma in Enterprise and Entrepreneurship

The Institute of Enterprise and Entrepreneurs (IOEE) is the first learning institute dedicated to developing and recognising enterprise and entrepreneurial skills. Arden University has been recognised as an IOEE Academy and our courses are accredited. This demonstrates our commitment to enterprise and equipping students with the skills needed to set up and run their own business, work in a small enterprise, or bring entrepreneurial skills to a larger organisation.

As an Arden student, you'll receive free membership to the IOEE for a year after your graduation, giving you access to over a thousand comprehensive learning resources, including webinars, videos, leadership assessment tools, a dedicated e-learning tool, careers advice, and networking opportunities.

#### The Institute of Leadership and Management (ILM)

This course is accredited by the Institute of leadership and Management (ILM). You'll graduate with an ILM Diploma in Leadership and Management.

The ILM is a professional membership body for leaders and managers, with a mission of inspiring great leadership through qualifications, training, and cutting-edge research. The institute is a globally recognised mark of quality for its members and provides valuable insights through its vast industry links and publications.

As an Arden student, you'll receive free membership to the ILM for a year after your graduation, giving you

access to over a thousand comprehensive learning resources, including webinars, videos, leadership assessment tools, a dedicated e-learning tool, careers advice, and networking opportunities.

## 14. Programme aims

The Arden University Executive MBA programme aims to provide a unique, inter-disciplinary and integrative educational programme for individuals seeking to develop and consolidate their managerial

achievements. The programme is designed to expose programme participants to current thinking and practice across a wide range of management disciplines, delivered using a cross-cutting approach. A higher level of criticality is expected across the master's programmes, and this will allow students to consider more deeply the various functions of Management.

Online teaching materials are derived from established academic research to develop critical powers of analysis, reflection, and further development of interpersonal skills in preparation for key positions in industry, commerce and the public sector.

Programme participants will build on their existing understanding management and organisations within a framework that enables them to relate their experience to contemporary ideas and practice within a global context. This is achieved through critical thinking, creativity, and personal development.

The Executive MBA programme consists of 6 core modules and a business transformation project.

In particular, the purpose of the programme is to provide participants with:

- A critical and detailed understanding of the role of **ethical and innovative** management within organisations.
- A critical understanding of the management of management within a global context.
- The opportunity to create and **take ownership** of a detailed piece of project relating to a management issue.
- A critical understanding of issues pertaining to **sustainability and business ethics**.
- An ability to critically analyse and apply knowledge of management theory and models to complex issues (including data analytics), both systematically and **creatively**, to improve **ethical business and management practices**.

A stimulating online academic environment, which is based upon the values of academic openness and critical appraisal.

## **15. Programme Entry Requirements**

Arden University is keen to ensure that the programme is available to all those who can benefit from it.

Normally entry is via:

- A degree equivalent to UK second class honours standard, plus a minimum of two years' managerial work experience.
- English ability equivalent to IELTS 6.5 (no less than 6.0 in any element), where the medium of undergraduate study was not English.
- Applicants with existing postgraduate business awards may be eligible for entry with advanced standing and will be considered through the APL process.

Alternate entry route:

 Applicants who have substantial managerial experience (typically 5 years) and can demonstrate via references and supporting curriculum vitae an ability to successfully complete the programme may be admitted where they do not possess degree equivalent qualifications.

It is not intended to offer exemptions based on experiential learning.

### 16. Graduate Attributes

The concept of the Arden University Graduate, based upon the definition of 'graduate attribute' by Bowden et al (2000).

**GA1. Digitally literate** to show confident and critical use of information and digital technologies across a range of professional, personal, and academic contexts. (This may include but is not limited to computer literacy, digital information, digital media, digital communication, and collaboration competencies).

**GA2.** Contextually innovative through applying skills of critical, creative, and evidenced based analysis and/or personal reflection to current real-world situations and future challenges.

**GA3.** Socially intelligent and proactively inclusive, able to effectively navigate complex (working) relationships with others from any background or culture using teamwork, communication, and leadership skills.

**GA4.** Professionally knowledgeable in their subject area, with in-depth comprehension, awareness, independent research skills, and other skills associated with their subject area and discipline(s).

Arden Values Mapping and PRME Principles Mapping: the table below identifies how programme modules provide full coverage of Arden University Values.

| Values   | Descriptor  |
|--|---|
| Stand Out (S)  | Our creative thinking and willingness to do things differently shines brightly on the inside and is truly visible on the outside. |
| Progressive (P) We inspire our students and one another, igniting bright futures th developing our knowledge and innovative use of technology. |   |
| Accessible (A)   | We make education truly inclusive, creating an inspiring and welcoming environment for everyone to flourish.                      |
| Resourceful (R)  | We strive for the best for our students and each other, finding ways to catalyse careers and accelerate development.              |
| Kindness (K)   | We embrace a culture of togetherness and support that radiates through our teams.   |

In July 2021, Arden University became a signatory of the UNPRME. This means along with a network of other HE institutions around the globe Arden University is committed to aligning all leadership and management programmes with the six PRME principles set forth by a United Nations-supported initiative.

Given that context, in addition to the Arden Values, the Programme also embeds the six Principles for Responsible Management Education (PRME). Through these principles, we wish to strengthen our student's understanding of sustainability, and enable them to address societal impacts and sustainability goals when making business decisions. The PRME principles are as follow:

| <b>PRME Principle</b> | Descriptor  |
|-----------------------|---|
| #1 Purpose            | We advance responsible management education to foster inclusive prosperity in a world of thriving ecosystems.                                     |
| #2 Values             | We place organizational responsibility and accountability to society and the planet<br>at the core of what we do.                                 |
| #3 Teach              | We transform our learning environments by integrating responsible management concepts and practices into our curriculum and pedagogy.             |
| #4 Research           | We study people, organizations, institutions, and the state of the world to inspire responsible management and education practice.                |
| #5 Partner            | We engage people from business, government, civil society, and academia to advance responsible and accountable management education and practice. |
| #6 Practice           | We adopt responsible and accountable management principles in our own governance and operations.  |
| #7 Share              | We share our successes and failures with each other to enable our collective learning and best live our common values and purpose.                |

Source: Principle for Responsible Management Education, <u>https://www.unprme.org/what-we-do</u>.

Sustainability is an integral concept for future business leaders who have to meet environmental, social and governance goals in addition to pure economic returns and profits. Each module in the Programme is designed and developed with specific guiding PRME in mind, to ensure students can generate sustainable value, undertake corporate social responsibilities, and partner with civil societies and other stakeholders when performing their roles of industry captains.

|  | #1 | #2 | #3 | #4 | #5 | #6 | #7 |
|--|----|----|----|----|----|----|----|
| BUS7014 Competitive Strategy                         | х  |    | х  |    |    | х  | х  |
| BUS7015 Financial Management                         | х  |    | х  |    | х  |    | х  |
| BUS7020 Leading Global Teams & Organisations         |    | х  | х  |    |    | х  | х  |
| BUS7025 Managing Digital Transformation & Innovation |    |    | х  | х  | х  | х  | х  |
| RES7005 Business Transformation Project              | х  |    | х  | х  |    |    | х  |
| BUS7017 Analysing Big Data                           |    |    | х  | х  | х  |    | х  |
| BUS7018 Managing Cloud Based Business Solutions      |    |    | х  |    | х  | х  | х  |

Across the whole of the programme, it is intended that student will develop a range of behaviours to complement their skills and subject knowledge. They will understand how to act with integrity having considered issues from a range of different perspectives and studied relevant topics such as ethics and Corporate Social Responsibility. Through an emphasis on creativity and problem solving they will be able to address issues in innovative ways. Finally, they will be able to take personal responsibility for their own learning and development as fully autonomous learners.

#### 17. Learning, teaching and assessment methods and strategies

At Arden, our mission is to provide opportunities for individuals to access higher education in a way that

9

suits their personal circumstances and ambitions and equips them for employment in the 21st Century. The single most important aim of our Learning, Teaching and Assessment Plan is improving student outcomes, with an institutional target of 80-85% progression over the next 2-3 years. LTA 2020 Plan identified interconnected objectives to achieve that aim, how improvements will be achieved, responsibilities, timelines and measures for success:

#### The three key objectives:

Achieve excellent academic standards to support improved student outcomes Undertake effective monitoring and review (of programmes, modules, student satisfaction and feedback)

Develop, Support and Strengthen Academic Teams

(Learning, Teaching and Assessment Plan, October 2020)

## **Distance Learning**

Acquisition of programme outcomes is via engagement with the online module learning material and the online tutoring and programme participant support mechanisms, both of which are delivered via Arden University's ilearn platform (a Moodle-based system). The learning material comprises purpose-written self-contained lessons with frequent activities and feedback to generate learning and reinforce the knowledge acquisition through frequent application of learning to specific examples.

Embedded within the text are links to further reading and appropriate websites. Feedback within the learning material is provided to allow programme participants to check their understanding with that of the tutor. Additionally, group learning activities direct programme participants to the tutor-facilitated discussion forums where they engage in discussion with their peers and receive formative feedback from the module tutor.

Each of the 20 credit modules provide programme participants with an understanding of key theoretical and practical management issues, debates and academic informed literatures.

Teaching/learning methods adopted are transferrable across modules and are similar across modules and include online class discussions, exercises/case studies and group discussions.

For each subject being taught a programme of structured online learning activities using both formative and summative assessment is applied. The emphasis is on action learning through the mediation of the module leader for each module.

Learning and Teaching activities are:

#### Asynchronous

- Independent and directed student study, supported throughout by comprehensive online multimedia teaching materials and resources accesses through our Virtual Learning Environment (iLearn)
- Guided group / project-based work
- Research tasks
- Discussion forums where students discuss and critically engage with themes emerging from the online materials they engage with, following the posing of questions or propositions, case studies or similar by either tutor or students themselves
- Podcasts and narrated PowerPoints

#### Synchronous

- Online seminars facilitated by Zoom.
- Live chats

- Based upon the profile of our typical student body, our strategy enables students to engage with a variety of learning tools that best meet their learning styles, overall objectives and personal circumstances. Independent study is the cornerstone of the learner experience, supported by subject specialist engagement with the tutor and peer engagement.
- Guest speaker sessions.

#### **Blended Learning**

- A strategy which incorporates elements from the above criteria plus the support of face to face input will be utilised.
- A-synchronous learning will be supported by in class face to face lectures, seminars and workshops. Students will have full access to the ilearn platform and all programme resources within it. Formative opportunities will be available in class and also via seminars hosted using Zoom.
- Students will also have access to learning resources at each partner institution.
- Student leaning will be supported and nurtured at our partner institutions by our tutor team and dedicated centre administrator and online via our student support team.
- Summative submissions will all be made via the 'TurnitIn' platform.
